

# **New Interface for Jagged Alliance 2 v. 1.13 (v. 3578) with New Attachment System (N.A.S. v. 0.61b)**

## **1. Information**

This new interface is based on all interfaces that I found on Internet. I took the best pictures from each of them and put together.

## **2. Compatibility**

This interface works **only with** Jagged Alliance 2 version **1.13 (v. 3578) with** New Attachment System (**N.A.S. v. 0.61b**) and works under all three resolutions: **640x480, 800x600 and 1024x768**. Also works with all modifications which are based on JA2 1.13 (v. 3578) with N.A.S. (v. 0.61b) but only if they did not change the default interface.

## **3. Installation**

Copy all files and folders from **“JA2 v. 1.13 (v. 3578) + N.A.S. (v. 0.61b)”** directory and paste them to the main folder of your game.
