

New Interface for Jagged Alliance 2

1. Information

This new interface is based on all interfaces that I found on Internet. I took the best pictures from each of them and put together.

2. Compatibility

This interface works with **versions from 1.05 to 1.12** and works only under **640x480 resolution**. Also works with all modifications which are based on JA2 but only if they did not change the default interface.

3. Installation

Copy folder **“Data”** and paste him to the main folder of your game.
