

Jagged Alliance Back in Action

No Intro Videos

version 1.1

1. Information

This modification is deleting all six intros when we are launching the game. I made this modification basing on information from **stonetoes** and his great idea.

2. Compatibility

This modification **works with all modifications** of JA Back in Action and of course **with all versions of pure version** of JA Back in Action.

3. Installation

Copy all files and folders from “No Intro Videos” and paste them to your main folder of your game. Install "No Intro Videos" **as the last installation of all**.

Best regards
